

# AINA KEPLER

AINA Kepler is an all-in-one communicator with mobile network connectivity, device-to-device communication and integrated PTT application.

**599.00**

\$ / unit  
list price

**25.00**

\$ / unit / month  
2 year plan\*

\* *Equipment financing provided by Marlin Capital Solutions (6% p.a.).*

## SIM CARD

AINA Kepler uses a SIM-card to connect to the server and mobile network (3G/4G/LTE). As a stand-alone device it says farewell to compatibility issues and app changes breaking the system.

## DEVICE-TO-DEVICE COMMUNICATION

AINA's Direct-Mode-Operation (DMO) allows you to communicate even when your mobile network is not available. Do your job and stay connected all the time.

## INTEGRATED PTT APPLICATION

Use AINA Small Talk or a partner PTT application straight from your AINA Kepler. Communicate with an unlimited number of groups and users, and make emergency calls.
